

# Pentwater Township Library

June/July 2019

*Welcome  
Back!*

It's that time of the year again when the Pentwater area explodes with the return of our snowbirds and many summer visitors. The Pentwater Township Library welcomes your return with many new best sellers, and a modern library to serve all of your needs including MeL Databases, fax services, computers and Wi-Fi.

We are always changing and seeking to serve you better. We have added to the number of books and magazines available online and we even have some videos streaming on Overdrive Libby's Up North Digital Collection. Looking for some of the latest DVDs? We have them. Great summer reading for all ages? Yes, we have that too. As usual those resources are all free at the Pentwater Township Library. Getting a library account is an easy process by filling in a short application card. If you are just visiting for a few weeks or months you may purchase an Annual Card for only \$10.

There will be more great summer activities at the library again this year too so check out some of them in this newsletter. The library this year will also be directly involved in the Pentwater Boat Parade of Lights. The theme this year is "Adventure through Books". Watch for the library-decorated boat on June 29 starting with boat lineup at 9 P.M. on Pentwater Lake.

Our summer reading program (P-4<sup>th</sup> grade) theme this year is all about space and our universe with the theme "A Universe of Stories". It runs from June 17 through July 26. One of the things that makes it special for the children involved is the many fun and educational activities each Friday at 10:30 a.m.

## Pentwater Township Library

Our reading program for 5<sup>th</sup>-12th grade students is called the “200 pages Club”. We have some new rules this year with fun ways to earn rewards from our generous Pentwater Merchants. Our local merchants show they care about your children and their reading habits each by donating certificates. We are forever grateful for their generous support to the “200 Pages Club” summer reading program.

Continuing this year as it has for many years is our free coffee, we make every day from the coffee beans we grind at the library donated by one of our favorite Pentwater merchants, **The Village Grounds**. Thanks to them our library coffee is exceptional. And we even have tea for the non-coffee drinkers too.

There are many good reasons to stop by the library this summer.

### Early Literacy Grant for Year-Round Resident Children

We are pleased to announce that your library has been awarded a grant to purchase 13 new Playaway Launchpads for children from pre-school through 3<sup>rd</sup> grade. Families with young children from our area can check them out for a week at a time. The Launchpads come pre-loaded with early childhood literacy software. Children can learn word and letter recognition and pronunciation in an ideal learning environment without concern about access to unwanted content. Educators are always looking for tools to enhance early literacy and thanks to this LSTA grant your library is pleased to offer them. At this time only local families can check them out. The Launchpads will be available starting in the middle of June.

### Attention Tweens and Teens—Watercolor Workshop with Lori Eslick

Two special hands-on workshops with a renowned artist-illustrator will be offered this summer in June and July just for Tweens and Teens. Want to learn how to illustrate your own or a favorite story? We will have a published illustrator, Lori Eslick, here to direct the two workshops. Recently Lori was the cover artist for Cricket Magazine. Most of the cost of this program is from a grant from our Library Cooperative, The Mid-Michigan Library League.

### Pentwater Vision Invites Community Input at Town Hall Meeting

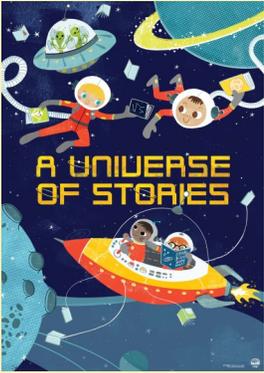

The Pentwater Vision leadership team formally begins gathering community input and feedback from all interested individuals and organizations through Town Hall Meetings at the Pentwater Schools scheduled in two sessions— 6:00 PM, Wednesday, June 19 or 10 AM Saturday, June 22.

Funded in part with a grant from the Community Foundation from Oceana County's LaBarge-Beeber Family Fund, the Pentwater Vision team is inviting focus group participants representing four segments of the community: Residents, Marine/Water Recreation, Downtown Businesses, and Government Officials. The groups will be led by professional facilitator Julie Hales Smith, who will also moderate both June Town Hall Public Meetings.

The objective of these focus groups is to thoughtfully and deliberately gather input and feedback from community members to establish a vision for the future of the Pentwater Community.

For up to date information about the Pentwater Vision process, to submit a question/idea, or to subscribe to periodic email updates visit [www.PentwaterVision.com](http://www.PentwaterVision.com)
